As of March 31, the Council has 83 individual and organization memberships that account for nearly 14,000 employees throughout the state.

About the Minnesota Council for Quality

Founded in 1987, the Minnesota Council for Quality is a non-profit with a dual mission of helping organizations improve their performance and competitiveness as well as to recognize performance excellence throughout the state. Along with the Minnesota Quality Award, the Council offers services that advance improvement within and between Minnesota organizations.
